

Guide Dogs of America

Since its founding by the International Association of Machinists in 1948, Guide Dogs of America, in Sylmar, California, has given sightless people from all over the United States and Canada the ability to move freely in a world of beauty they cannot see.

Guide Dogs of America is a nonprofit, charitable organization, fully certified by the California State Guide Dog Board. All services provided to blind individuals are free, including the dog, harness, training and lifetime follow-up.

With the need for highly qualified service dogs continuously growing, Guide Dogs of America (GDA) merged with Tender Loving Canines (TLC) in January of 2020, allowing us to expand our ability to offer service dogs for Veterans, children with Autism as well as Facility Dogs

Over 3,300 dogs have graduated from the rigorous training that transforms them from cute puppies into reliable, loving, dependable Guide Dogs for the blind.
