AEROSPACE MACHINISTS INDUSTRIAL LODGE 751-F

9125 15th PLACE SOUTH • SEATTLE, WA 98108-5100 • 206 763-1300

Lloyd Catlin
President

Katie Eagleson
Recording Secretary

Dear Friend,

I would like to introduce you to a wonderful Organization, Guide Dogs of America. The International Association of Machinists and Aerospace Workers founded Guide Dogs of America in 1948, when one of their retired members, Joseph Jones, Sr., was denied a guide due to his advanced age. Since then, Guide Dogs of America has bred, raised and trained some of the world's most dedicated dogs and paired them with visually impaired individuals of all ages, races and beliefs, from all over the United States and Canada. The freedom and independence a guide dog brings to a visually impaired person is immeasurable.

With the need for highly qualified service dogs continuously growing, in January of 2020, Guide Dogs of America merged with Tender Loving Canines. This organization provides service dogs who are individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual or other mental disability. Together we now help veterans, individuals who are blind and children with autism. This greatly expands the number of high quality service dogs we can provide and puts more dogs into the hands of people who need them.

Guide Dogs of America breeds, raises and trains these dogs at their facility, near Los Angeles, CA. After the dog is trained, the client is then carefully matched with a service dog, taking into consideration their lifestyle and environment. In addition, the personalities of student and service dog, size, strength, pace of walk, energy levels and other special requirements are considered to ensure a harmonious relationship. Guide dog teams are housed at the facility and spend 24-hours a day for twenty-one days on campus, while service dog teams do a 2-week online course and spend 24-hours a day for seven days on campus. Upon completion, an awards ceremony is held for students, dogs, friends and family members. The graduates then return home with their new partner and a renewed sense of freedom and independence.

The cost of breeding, raising, training and finally pairing a quality dog to a visually impaired person exceeds \$60,000. All services, including the guide or service dog, harness, in-residence training and lifetime follow-up, are free-of-charge to all clients. Since its founding in 1948, Guide Dogs of America has graduated over 3,300 guide and service dog teams throughout the United States and Canada.

Our sole purpose is for the Local F Poker Run/Motorcycle Ride to raise money for Guide Dogs of America. Because of this event, we were able to give Guide Dogs of America \$8,065 in donations last year. Our goal for this year is \$20,000. This Poker Run/Motorcycle Ride is an annual event and we look forward to years to come with your support. Please join us on this special day. All proceeds go to benefit Guide Dogs of America / Tender Loving Canines!

Thank you for your generosity!

Sincerely,

Local F Poker Run/Motorcycle Ride
Committee
